At **LEGOLAND® California Resort**, our mission is to create truly memorable experiences, and we place the upmost importance on the safety and well being of our guests and employees.

To ensure that you can come play in our parks without concern, we have introduced a range of new health and safety measures that reduce the risk associated with COVID-19. These measures are in line with government advice and the requirements of your health authorities.

Some of the measures set out below may be clearly visible to you from the moment you arrive. Others require consideration from guests to help ensure everyone has a fantastic visit.
Prior To Your Arrival

Be a Super Planner
Where possible, make your booking (ticket or vacation) **before arriving**.

Know It All
Before arriving, check our website and social media for the latest park hours, updates, and more!

OF COURSE we take plastic!
Be ready to make on-site payments using a credit or debit card, rather than cash.

Ring Us Up
Please contact our Guest Services at llf.experience@legoland.com if you need to amend the date of your booking(s).

Make it a Mask-querade
We encourage guests to **bring and wear masks for everyone’s safety**. Follow medical guidance if you shouldn’t wear masks.

Be Healthy On Arrival
Your party will not be admitted if someone has a **fever of 100° F or more**, or other COVID-19 symptoms. See legoland.com for full list, including prior travel exclusions.

Ready To Rock
Employees participate in COVID-19 specific training programs instructing them how to stay safe and keep our guests safe.
On Your Arrival

More Room to Park!
Please leave a space on both sides of your car. You’re welcome!

More Room to Play!
We have reduced the daily capacity of our parks to allow for social distancing and the best guest experience.

Stand Up Straight
All height checks will be conducted at the Front Gate. Kids that still have room to grow into an attraction will receive a wristband that indicates which rides they are eligible to ride on.

Extra-Super-Safety Checks Required
All guests will participate in non-invasive temperature checks as a condition of entry. See legoland.com for full list of additional checks, including prior travel exclusions.

Shiny New Signs
You’ll notice new information signage that includes key safety messages and instructions—keep an eye out for them!

App-Tastic
Download the official LEGOLAND® mobile app to see what rides are open, check wait times, locate the nearest hygiene stations, and more.
Social Distancing While You Are Here

**Enjoy The Views**
You’ll find empty rows and/or empty seats between guests in ride vehicles.

**Dine Differently**
We have new arrangements in our dining areas including distanced seating layouts, changes to food services and enhanced cleaning procedures.

**Stand Clear**
Look for these markers throughout our Resort to help keep appropriate distance between groups. Our Model Citizens will also be around to help.

**Room to Play**
We have introduced new measures to encourage, maintain, and remind guests of social distancing throughout the Resort.

**Extra Elbow Room**
Live shows may be temporarily unavailable or seating will be changed to allow appropriate spacing from the performers and each other.

**Some Things are on Time-Out**
Certain areas or attractions in the park may be temporarily closed for safety reasons and to maintain social distancing.

**Shop Like A VIP**
There is reduced capacity for our indoor experiences and facilities like shops, restaurants, theaters, and Guest Services.

**Wave Hello**
We have installed new hygiene screens at many of our service counters and food venues to for everyone’s safety.
Squeaky Clean
Along with new cleaning throughout the parks, high-frequency touch points get extra attention throughout the day.

We Got This
If a person presents symptoms consistent with COVID-19 while on-site, we have new deep cleaning measures to enact.

New Dining Style
Many food venues now offer additional ‘grab & go’ options. Self-service buffets and salad bars have been reconfigured or closed to reduce the number of high-frequency touch points. Cutlery and condiments will now be provided with your meal, or on request, rather than left in open areas.

Pump It Up
There are now a large number of hand sanitizer dispensers around the Resort for your convenience and safety.

Our Safety Becomes Yours
You may see our employees wearing new Personal Protective Equipment (PPE) like face masks, disposable gloves, and eye protection. They’re keeping us all safe!

Scrub-A-Dub
As with our employees, we politely request that all of our guests uphold the highest possible hygiene standards – whether it be when sneezing or coughing, through regular hand washing, and the application of hand sanitizer, as needed.
We hope these new health and safety measures provide you with confidence and eagerness to visit LEGOLAND® California. These are unprecedented times for all communities around the world. And while every effort is being taken to protect the safety and well being of our guests, everyone should inform themselves of the risks, conditions, and personal responsibilities before they visit the park.

Thank you for your understanding as we work to make every visit as fun and safe as possible for everyone.
