Additional information about LEGOLAND® Florida Resort, including our services for Guests with Disabilities can be found by visiting our website or by calling (877) 350-5346. All restrictions are also available for download from this website. This guide outlines specific information about each attraction, including height requirements and health restrictions.

LEGOLAND® Florida shops, restaurants, show venues and the majority of our rides and attractions are (ADA) accessible to guests who use wheelchairs or are in need of specials services. Please use this guide in addition to the park map to ensure your safety and enjoyment on your visit.
FREQUENTLY ASKED QUESTIONS & HELPFUL TIPS

What are some tips to prepare my family member with a disability for a trip to LEGOLAND® Florida Resort?
Advanced planning is recommended for all Guests to LEGOLAND® Florida Resort. It is suggested that you review the planning tips offered in this guide. Additional information can be found by visiting our website at www.LEGOLAND.com/Florida or by calling +1 877-350-5346.

Where is Stroller/Wheelchair Rental?
If your group needs to rent a stroller, wheelchair, or ECV/motorized scooter for the day, proceed to Stroller Rental located near the entrance of the park or reserve online at www.LEGOLAND.com/Florida.

What if my family member with a disability has difficulty waiting in line or using the concept of time?
To access our attractions, Guests with Disabilities have the option of our HERO Pass, Blue HERO Pass or use our standard queue. To determine which option or options are best for your party, visit Guest Services located in The Beginning.

What should I do if my family member with a disability needs to remain in a stroller while in the attraction queues?
Visit Guest Services located near the entrance of the park to receive a Stroller as Wheelchair tag to be placed on your stroller for easy identification.

Where can we go if my family member with a disability becomes over-stimulated or needs a break area?
Please ask one of our Model Citizens where the nearest quiet location is located. A private space in our Annual Pass Processing Center, near the theme park entrance turnstiles, includes hands-on, sensory-stimulating activities designed for children on the autism spectrum. Other quiet spaces include the First Aid location in Fun Town or at LEGOLAND® Florida Water Park by the Wave Pool, our Baby Care Center in the DUPLO® Farm, Imagination Zone and our Guest Services location.

Are restrooms available in the Resort and do you offer companion restrooms?
Yes, there are multiple men’s and women’s restrooms facilities throughout the park. We also offer companion restrooms in selected locations.

How can I find out about food options/preparation methods for my family member who has specific dietary needs?
Most of the restaurants in the Resort can accommodate most food allergies or intolerances. Please speak with the Chef or Manager on Duty at the restaurant. Guests with food allergies or intolerances are also allowed to bring food items into the Resort. Please inform a Model Citizen that someone in the party has a food allergy or intolerance. Note that Model Citizens are prohibited from storing, preparing, cooking or reheating any food brought into the Resort. Additional dietary information including policies can be found in this guide as well as the back of our park map.

Are there any other tools or resources that LEGOLAND® Florida Resort offers for my trip planning or during my visit?
If you have any questions or require information upon arrival at the resort, visit Guest Services near the main entrance.
HOW TO PREPARE

1) Review this guide for an overview of the Resort and what to expect during your trip.

2) Create or review a visual schedule. Go over a timeline with your family member so he or she can learn the routine.

3) Choose a place on the map to meet in case you are separated. Be sure your family member is aware of the location and show it to them once you arrive. Continue to stress the importance of staying close together at all times.

4) Practice waiting in line. Waiting in line can be a big part of the LEGOLAND® Florida Resort experience. Practice waiting, if you can, either at home or lines at the grocery store, ice cream shop, etc.

WHAT TO BRING

1) Bracelet or name tag with your family members name, a contact number for you and any other important things to know about your family member. Emergency Contact Band are available within guest services location.

2) Ear plugs or headphones. The parks can be very noisy in certain places.

3) A favorite device or activity. Bring your family member’s tablet, video game, comic book or anything else you think might distract them and keep them occupied during any periods of waiting.

4) Reinforce good behavior. Trips to the parks can be long; items that motivate your family member will be helpful in reinforcing good behavior so your family is able to enjoy a full day of fun!

5) A sensory toy, like a stress ball or other calming item. If your family member experiences sensory overload (sights, sounds, smells and commotion could become an issue).

WHEN YOU ARRIVE

DRIVING: Guests entering the Toll Plaza with an Accessible Parking Permit will be directed to the parking area for Accessible Parking.

PARK ENTRANCE: When you arrive after passing under the LEGOLAND® Florida Resort archway, you will approach the Theme Park entrance. At this point you can purchase your tickets from one of our admissions windows or proceed directly into the Park with your e tickets. Once inside the Park, you will see Guest Services on the right. Our Guest Services team will be able to answer all questions and distribute Hero Passes. It is recommended that tickets be purchased in advance to avoid the possibility of waiting at our turnstiles line outside of the Theme Park. Tickets for the Theme Park and Water Park, including Annual Passes, can be purchased in advance online at LEGOLAND.com/Florida.

SERVICE ANIMALS: Service animals are welcome in most locations throughout the Resort and can accompany a Guest via the standard queue. Service animals must be on a leash at all times. Any show of hostile behavior towards other Guests or Model Citizens is unacceptable. Service animals may not be handled by or left with other Guests or Model Citizens.

FIRST AID FACILITIES: These are located near LEGO® Factory in Fun Town or near the Wave Pool at LEGOLAND® Florida Resort Water Park. EMTs are available for basic First Aid Assistance and can provide a place to store medication that requires refrigeration.

RESTROOMS: Each restroom in the park has two (ADA) accessible stalls, as well as one (ADA) accessible stall in Baby Care Center in DUPLO® Farm.
MODEL CITIZENS

WHY ARE WE CALLED MODEL CITIZENS?
We have chosen to call ourselves Model Citizens because this name is very powerful and has many interpretations that describe us, including:

MODEL CITIZEN is a resident of LEGOLAND® (a country just for kids!)

MODEL CITIZEN where “model” stands for the best (because only the best is good enough). We also act as Ambassadors who set an example for our guests with “Model Citizen” conduct and behavior.

MODEL CITIZEN plays on the word “model” which is related to LEGO® products, models and attractions within our Park.

FIRST AID

Our First Aid facilities are staffed with professional paramedics. At LEGOLAND® Florida Resort, the primary first aid unit is located by the LEGO® Factory. At LEGOLAND® Florida Resort Water Park, it is near the Wave Pool. If you have any questions or need special assistance, ask any Model Citizen or stop by Guest Services inside the main entrance.

BREAK AREA

Baby Care is located within the DUPLO® area of the Resort. This facility is great for taking a break and includes private rooms for nursing mothers, baby changing areas, quiet rooms and a companion restroom. This area is a place to relax and is typically a little less busy.

ACCESSING ATTRACTIONS

The Resort offers a wide variety of rides and shows that Guests with Disabilities have several means of access available to in creating memorable moments.

Rides: To access our attractions, guests with disabilities have several options including use of the standard queue or our Hero Passes. To determine which option or options are best for your party, visit Guest Services located near the entrance of the Resort.

Shows: We have Show Guides available throughout the park at the main entrance, retail stores, restaurants or in Guest Services. Lines begin forming at show venues leading up to the next show time. Seating opens about 10-15 minutes before each show starts.

How far in advance your party should arrive to queue depends on various factors, including the number of Guests visiting on a particular day. For additional information on how best to experience one of our shows, visit the Guest Services team located near the entrance of the Resort.
**AUTISM AND LEGO®**

LEGO® System Based Social Skills has been proven to be an effective way for children with social difficulties associated with Autism, Asperger’s Syndrome, Anxiety, Depression or Adjustment Disorders to improve their social interaction and communication skills. A variety of Attractions within the resort, including Imagination Zone, Tot Spots within LEGO® TECHNIC and LEGO® CITY, along with a variety of LEGO® Play areas and Tot Spots, offer hands-on activities that can help engage and soothe those with the above issues. Additionally, a private space in our Annual Pass Processing Center, near the Theme Park entrance turnstiles, includes several sensory-stimulating activities designed for children on the autism spectrum along with storyboards and cheat sheets found at all the rides and guest service areas.

**ATTRACTIONS**

For your safety, be sure to check the “Let’s Have Fun and Be Safe” board located at the entrance of each ride. Please take a moment to read carefully before considering a ride or attraction for you and your child. For your safety, exceptions to the posted ride restrictions are not possible. Queues to all rides with the exception of Safari Trek, Coastersaurus, The Dragon and Aquazone Wave Racers and The Great LEGO(R) Race are wheelchair (ADA) accessible so that all Guests may wait together.

While our Model Citizens are more than happy to help you with specific access to special ride compartments, they are not permitted to lift or carry a Guest into or out of a ride. Family members and helpers are much better informed about your specific condition. Therefore, in case of any emergency or ride evacuation where you might require extra help or assistance, we ask that you be accompanied by someone who knows the best way to lift or carry you to ensure a safe evacuation.

**LOST PARENTS**

If a member of your party gets lost or separated, immediately find a Model Citizen. It is recommended you have a photo of all members of your party on the day you visit. This helps ensure Model Citizens have a detailed description of the guest and their clothing. Having an easy means of communication, such as a cell phone, can help aid in the relocation process as well.

**HERO PASS**

**(ASSISTED ACCESS PASS)**

LEGOLAND® Florida Resort Hero Pass is designed for Guests with Disabilities, and their families, to enjoy the Resort. It can be picked up from Guest Services, located just inside of the Park. For every subsequent attraction, your family will reserve a ride time to return to the attraction. Both the Guest assigned to Pass and the rest of the group may return together at the reserved time.

Only the number of guests assigned to the Pass may ride the attraction at the reserved time.

The Guest assigned to the pass is not required to be present when receiving an assigned time to return to an attraction. However, the Guest assigned to the pass will need to be present when returning at the assigned time.

**Blue HERO Pass**

The LEGOLAND Florida Blue HERO Pass is designed for guests on the Autism spectrum. The pass can be picked up at Guest Services and is only for the number of guests in that party. The Blue HERO Pass is designed to allow the Guests and their parties immediate access to every ride. However this Pass cannot be used in Imagination Zone or the Water Park.
AMERICANS WITH DISABILITIES ACT/ GUESTS WITH DISABILITIES REQUIREMENTS

Our attractions incorporate safety systems designed by the manufacturer to accommodate people of average physical stature and body proportion. These safety systems may place restrictions on the ability of an individual to safely experience the ride. This includes those with disabilities, and they may not be permitted to participate in an attraction.

In order to ensure a safe and enjoyable experience for all Guests, including guests with disabilities, we have established the acronym “HUGS” to assist with understanding the four basic requirements to experience most attractions. Some of the less-intense attractions may accommodate Guests with Disabilities. Below are the basic and standard ride requirements to experience our attractions.

- **HEAD UPRIGHT** – this means that the Guest must have sufficient muscle control to support their head, neck, and upper torso in a standard forward-looking position during the movement of the ride vehicle, without support from another person or brace.

- **UNASSISTED** – the Guest must independently maintain oneself in an upright position while seated, without the aid of other people or devices. This includes keeping the proper riding posture during bumping or other movement characteristics of the ride. Certain attractions, such as the Grand Carousel, Mia’s Riding Adventure and The Royal Joust, may require the ability to form a saddle posture.

- **GRASP THE LAP-BAR** – the Guest must have at least one upper extremity (arm) or prosthesis exhibiting good grip control, with the ability to brace themselves while allowing the Guest to maintain proper riding position throughout the duration of the ride.

- **SUDDEN AND DRAMATIC MOVEMENT** – the Guest must have sufficient awareness of the nature of the ride and the ability to sit upright and hold onto the restraint mechanism and/or brace during the dynamic motion of the ride.

- **RESPONSIBLE PERSON** – Some attractions only allow guests of certain ages to participate. Please see each attraction’s description for more in formation. A responsible person is a Guest who meets the unaccompanied height requirement who is capable of ensuring that the accompanied guest is following all rider instructions.
YOUR SAFETY IS IMPORTANT TO US!

PLEASE READ AND FAMILIARIZE YOURSELF WITH THE SAFETY INFORMATION FOR EACH ATTRACTION, AS THEY ARE NOT THE SAME.

WHEELCHAIRS
Guests with non-motorized wheelchairs may participate in the list of attractions below. Please see a Model Citizen for direction. None of our attractions accommodate ECV/electric wheelchairs.

- The Grand Carousel
- Imagination Zone

EVACUATIONS
In the event of an evacuation, guests may be required to navigate catwalks or confined corridors, climb down stairs or ladders, or climb over obstacles. Please have a member of your party assist with evacuating, or wait in your ride unit for assistance from a Model Citizen.

SERVICE ANIMALS
Service animals are welcomed on the list of attractions below. Service animals must be on the floor for the duration of the ride. Please note, Model Citizens are not allowed to assume responsibility for a service animal.

- The Grand Carousel
- Pharoah’s Revenge
- The Forestman’s Hideout
- Imagination Zone

Relief Locations
- Mia’s Area
- Water Park Entrance

EXPECTANT MOTHERS
LEGOLAND® Florida Resort recommends that expectant mothers not participate in any attraction. Safety systems and restraints may prevent expectant mothers from participating.

OVERALL RESTRICTIONS
An attraction’s safety systems may restrict who can/ cannot safely experience an attraction. This would include guests of exceptional size, height, weight, medical conditions, or other physical conditions. Eating, drinking, and smoking (including electronic cigarette devices) are not allowed on any attraction. Guests may not participate in any attraction while under the influence of drugs or alcohol. Participants must be in good health to experience any attraction. Guests must keep all hands, arms, feet, and legs inside the ride units.

PROSTHETIC DEVICES
At all attractions, prosthetic devices must be secured, removed, or stored to prevent injuries to other participants or removed and stored. Certain hand, arm, leg, and joint elements may be required to participate. Specific information is provided in each attraction description, please see a Model Citizen for more information.

WEATHER
Attractions may close at any time without notice due to rain, lightning, or wind.

ATTIRE
All guests must be in proper attire before participating in any attraction, unless it is defined in the description. Proper attire includes wearing a shirt, pants, shorts, and shoes. Bathing suits are not allowed on any of the main park attractions.

LOOSE ARTICLES
Loose articles and attire are defined as any item that is not securely attached to the rider. Below is a non-inclusive list of items that must be removed and stored either in pockets or the provided cubbies before guests may ride or participate: hats, nonprescription sunglasses, cameras or recording devices of any type even if it is attached to the guest, items of clothing tied around waist/body, bags or purses of any type or any size, cell phones and accessories, headphones, selfie sticks, fanny packs, lanyards, child leashes/harnesses, and fanny packs.
SYMBOLS AND DEFINITION

Attraction is not recommended for guests who have medical sensitivity to strobe effects.

Guests may remain in their standard wheelchair throughout the attraction experience (This does not apply to Electric Convenience Vehicles (ECV) or motorized wheelchairs at any of the ride attractions).

Guests must be able to transfer to the ride vehicle seating with assistance from another member of their party. Attraction attendants may not assist.

Attraction is not recommended for guests with back, neck, or similar physical conditions.

Attraction is not recommended for guests with recent surgery or other conditions that may be aggravated by this ride.

Attraction is not recommended for expectant mothers.

Attraction is not recommended for guests with a history of heart conditions or abnormal blood pressure.

Service animals not permitted.

Guests under a certain height requirement must be accompanied by a responsible rider. (Different for each ride)

Guests wearing casts are not permitted on this attraction.

Attraction is not recommended for guests who are susceptible to fear of heights.

Attraction is not recommended for guests susceptible to motion sickness or dizziness.

Guests with service animals should see an attendant for access information.
